

## NAVAL GENERAL LIBRARY PROGRAM (NGLP)

### Afloat Libraries

Library Multimedia Resource Centers (LMRC) NGLP outfits Library Multimedia Resource Centers (LMRC) on board more than 300 ships and submarines with computers, library materials, periodicals and paperbacks.

Support for LMRCs includes books, CDs, DVDs, computers, electronic content, monthly paperback distribution, reference books, CNO reading lists and voluntary education resources.

Sailors study for their upcoming Warfare Specialist test in the library aboard USS Mount Whitney (LCC 20).

### Shore Libraries

Navy MWR shore libraries include NATO libraries, hospital libraries and brig libraries; other Navy shore sites, including SEAL teams, the USS Constitution, small brigs, remote and isolated units; and military missions in the Unified Pacific Command—a total of 70 shore installations.

Check with your local Navy MWR office for more information on shore libraries.

# NAVY KNOWLEDGE ONLINE (NKO)

## WHAT?

The Navy General Library Program (NGLP) has partnered with Navy Knowledge Online (NKO) to provide electronic books, reference materials and practice testing services at no cost to Sailors and Marines worldwide.

## WHO?

These materials are also available to Reservists, retirees, Department of the Navy civilian and non-appropriated fund (NAF) personnel and eligible family members.

## HOW?

NKO is the portal through which Sailors access vital career information, education and training resources, college programs, and other professional and personal development opportunities.

## WHERE?

On the job, at home or at sea, NKO connects Sailors with the information, expertise and learning opportunities required to support both professional and personal development.

## WHEN?

24 hours a day—365 days a year.

Sailors use computers in the ship's library aboard USS John F. Kennedy (CV 67).

# ARE YOU SMART?

Navy College Program is the SMART way to go.

Sailor/Marine American Council on Education Registry Transcript (SMART) is available to document American Council on Education (ACE) recommended college credit for military training and occupational experience.

The primary purpose of SMART is to assist service members in obtaining college credit for their military experience.

A Sailor uses the Navy College Program for Afloat College Education (NCPACE) program, while in the Library Multimedia Resource Center aboard USS Saipan (LHA 2).

# NAVY COLLEGE PROGRAM FOR AFLOAT COLLEGE EDUCATION (NCPACE)

The Navy College Program for Afloat College Education (NCPACE) is a part of the Navy College Program. Both academic skills and college (undergraduate and graduate) courses are available through NCPACE. NCPACE college courses are provided by regionally accredited colleges and universities. NCPACE gives Sailors the opportunity to experience challenging education while on sea duty assignments, preparing them for personal and professional growth.
